The GAPNA Planning Committee is accepting clinical abstracts for podium presentation at the 2018 annual conference.

Presentation topics should be consistent with the theme of quality of life and quality of care and may address clinical best practices, innovative models of care, organizational change, unique strategies, and/or processes that improve outcomes and bridge gaps in care, analyses of current care, case studies, and be appropriate for presentation for APNs at an advanced level.

- APN roles & responsibilities
- Advanced clinical topics
- Chronic disease management
- Pain management
- Acute care of older adults
- Preventive health care in the older adult
- Mental health of the older adult
- Cost-effectiveness of APNs
- Organizational issues and leadership
- Innovative clinical or practice projects
- Patient education programs
- New or adapted systems of care

Selection process
- Abstracts will be evaluated and rated based on the following criteria:
- Quality of content
- Clear description of the topic
- Creativity and originality
- Significance of theory or practice
- Level of evidence used to develop the presentation

Submission deadline
Abstracts must be received in the National Office by December 5th annually.

Abstract submission information
Microsoft Word
Kristina Moran, Education Coordinator
Preferred: Email to kristina.moran@ajj.com
Telephone: 856-256-2358
Fax: 856-589-7463

NOTE: Submission of an abstract is considered a commitment to attend the conference and present the content in person if the abstract is selected for a session. GAPNA will contact only the primary author.

Each submission will be evaluated by the Planning Committee to determine the final selection for the conference program. A change of presenter(s) after abstract submission/acceptance requires re-evaluation by the Planning Committee and may result in withdrawal of the invitation to present.
Guidelines for Submission

Title Page and Abstract submitted in Microsoft Word with one-inch margins, Arial 12-point font, left justified and un-bolded. Completion of attached biographical data and conflict of interest disclosure forms by all lead authors and anticipated presenters of material if abstract selected.

Title page must include the following information:

• Name, credentials, institutional affiliation, email address, mailing address, and telephone number of primary author and lead presenter (if different than primary author).
• Names, credentials, and institutional affiliations for all co-authors.
• Short biographical summary highlighting presentation experience at the national, regional, or state level. Include experience relative to an APN audience.
• Indication of desired presentation type: general, concurrent (breakout), OR workshop session. Oral presentations will be considered for 60-minute or 90-minute sessions; please indicate your preference on the title page. General session topics should have wide appeal to APNs in all settings.
• Any abstract content affiliation with a GAPNA committee, special interest group, or task force or status as a GAPNA award/grant recipient should be noted as follows: This abstract is being submitted on behalf of the GAPNA (please specify committee/special interest group, or task force) OR This abstract is being submitted with the support of a GAPNA/GAPNA Foundation grant/award.
• Add the following statements (indicate preference with electronic typed signature):
  1. If selected for oral presentation, I agree/do not agree (select one) to provide handouts to support my presentation.
  2. If selected for oral presentation, I consent/do not consent (select one) to the audio recording and posting of my session in the GAPNA Online Library.
  3. If selected, I agree/do not agree (select one) to permission for duplication of my abstract via the official GAPNA Newsletter, Journal, program materials and/or website.

Abstract is limited to 350 words on one page including the title. The abstract title is limited to 120 characters maximum. Abstracts should contain a statement of objectives, description of the project or subject matter, methodology if applicable, analysis, and results as indicated.

• Be sure to remove all references to names and organizations within the body text that could identify the authors/investigators.
• Student submissions are encouraged and welcomed.

Biographical data and conflict of interest disclosure forms

Biographical data and conflict of interest disclosure information is requested for any abstract submission via the “biographical data and conflict of interest disclosure” forms attached to the “Call for Podium Abstracts.” All individual authors are requested to complete a copy of these forms and provide them with their clinical abstract submission. In the event that there are several authors for an abstract, the following should provide the required forms: primary author, primary presenter (if other than primary author), any additional authors who will be in attendance as presenters if abstract selected for presentation. All biographical data and conflict of interest disclosure forms should be included with the clinical abstract submission.

ANCC Standards

Abstract authors must comply with the standards from the ANCC Standards for Disclosure and Commercial Support. You may go to www.ana.org to download the entire document. Below is a brief summary on the standards which apply to the abstracts:

• The abstract must be free of commercial interest.
• Commercial interest organizations are not eligible to submit abstracts.
• An individual must disclose any financial relationship with an entity with a commercial interest.
• The content or format of the CNE activity or its related materials must promote improvements or quality in health care and not a specific proprietary business interest of an entity with a commercial interest.
• Presentations must give a balanced view of therapeutic options. Use of generic names will contribute to this impartiality. If the CNE educational material or content includes trade names, when available trade names from several companies should be used, not just trade names from a single company.

### Section 4: Conflict of Interest

The potential for conflicts of interest exists when an individual has the ability to control or influence the content of an educational activity and has a financial relationship with a commercial interest,* the products or services of which are pertinent to the content of the educational activity. The Nurse Planner is responsible for evaluating the presence or absence of conflicts of interest and resolving any identified actual or potential conflicts of interest during the planning and implementation phases of an educational activity. If the Nurse Planner has an actual or potential conflict of interest, he or she should recuse himself or herself from the role as Nurse Planner for the educational activity.

*Commercial interest, as defined by ANCC, is any entity producing, marketing, reselling, or distributing healthcare goods or services consumed by or used on patients, or an entity that is owned or controlled by an entity that produces, markets, resells, or distributes healthcare goods or services consumed by or used on patients. (Please reference content integrity document for further clarity: [http://www.nursecredentialing.org/Accreditation-CEContentIntegrity.pdf](http://www.nursecredentialing.org/Accreditation-CEContentIntegrity.pdf))

All individuals who have the ability to control or influence the content of an educational activity must disclose all relevant relationships** with any commercial interest, including but not limited to members of the Planning Committee, speakers, presenters, authors, and/or content reviewers. Relevant relationships must be disclosed to the learners during the time when the relationship is in effect and for 12 months afterward. All information disclosed must be shared with the participants/learners prior to the start of the educational activity.
Relevant relationships, as defined by ANCC, are relationships with a commercial interest if the products or services of the commercial interest are related to the content of the educational activity.

- Relationships with any commercial interest of the individual’s spouse/partner may be relevant relationships and must be reported, evaluated, and resolved.
- Evidence of a relevant relationship with a commercial interest may include but is not limited to receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (stock and stock options, excluding diversified mutual funds), grants, contracts, or other financial benefit directly or indirectly from the commercial interest.
- Financial benefits may be associated with employment, management positions, independent contractor relationships, other contractual relationships, consulting, speaking, teaching, membership on an advisory committee or review panel, board membership, and other activities from which remuneration is received or expected from the commercial interest.

It is the responsibility of the provider Anthony J. Jannetti, Inc. (AJJ) to insure balance, independence, objectivity, and scientific rigor in all its CE activities. All faculties participating in an AJJ CE activity are expected to disclose to the learner any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of the CE activity. Potential conflicts and financial relationships are provided in writing to the learner. This pertains to relationships with pharmaceutical companies, biomedical device manufacturers, or other corporations whose products or services are related to the subject matter of the presentation. This policy is not intended to prevent a presenter with a potential conflict of interest from making a presentation. However, any potential conflict should be identified openly, with full disclosure, so that the learner may form their own judgments about the presentation. The learner will determine for themselves whether the presenter’s outside interests may reflect a possible bias in either the exposition or the conclusions presented. AJJ does not assume that the existence of these interests or commitments necessarily implies bias or decreases the value of your participation. All learning activities are reviewed by the Nurse Planner to ensure a broad inclusiveness of the topic; that no trademark or branding information is present and that the presentation is unbiased.

Presenters must abide by the following standards:
Faculty use of generic names will contribute to a balanced view of therapeutic options. If trade names are used, several companies should be identified rather than a single supporting company. No commercial branding or company logos can appear in the handouts or presentation.

Is there an actual, potential or perceived conflict of interest for yourself or spouse/partner?
- Yes
- No

If yes, please complete the table below for all actual, potential or perceived conflicts of interest**:
