

**Giving Back –  
Community Benefit Form**  
***“It’s not how much we give but how  
much love we put into giving.”***  
***Mother Teresa***

The intention of this document is to share how GAPNA Chapter Members across the United States are “giving back” to their community. One of the roles and functions of nurses expands to not only care for the patient but also to care for the community. Please take a moment to document how your Chapter provided an event or assisted another organization. We hope this information will offer ideas to Chapters on ways to partner with other organizations, respond to a community need or initiate a community event.
